Anemia, hemolytic, chronic familial (micro-drepanocytic disease) in pregnancy (Brown and Ober), 773
 Mediterranean, pregnancy in case (Tor-rance), 785
 in pregnancy, folic acid and vitamin B₁₂ levels in urine and blood in (Erd-berg et al.), 769
 intramuscular iron therapy (Schwartz, Greenwald, and Tendler), 829
 Anencephaly in four consecutive pregnancies (Horne), 1371 (Abst.)
 Anesthesia as cause of maternal death (Dalziel), 993
 inhalation, in childbirth (Seward), 1153 (B. rev.)
 spinal, prolapse of umbilical cord with (Biskind), 1113
 steroid, in obstetrics and gynecology (Har-bort), 927 (Abst.)
 Anesthetic agents used in obstetrics, effects on isolated human uterine muscle (Talbert et al.), 16
 Aneurysm, dissecting, Marfan's syndrome as cause (Novell, Asher, and Lev), 809
 Anhydrase, carbonic, inhibitor as diuretic (Flowers), 1180
 Anovulation, use of intravenous estrogen in (Kupperman et al.), 1370 (Abst.)
 Antibodies, anti-A and anti-S, hemolytic dis-ease of newborn probably due to combined action (Chown, Lewis, and Best), 1159 (Abst.)
 Antibody, fluorescent, localization of homol-ogous plasma proteins in placenta by (Bardawil, Toy, and Hertig), 708
 Antidiuretic activity, plasma, in toxemia of pregnancy (McCreary), 1174
 Antipyrine, equilibration studies in normal and toxic gestation (McGaughey et al.), 485
 Aorta, lesions, in Marfan's syndrome in preg-nancy (Novell, Asher, and Lev), 809
 Appendicitis, chronic obliterative, result of impaired circulation in end artery (Hallatt), 1046
 Appendix, inversion, as incidental procedure (Hallatt), 1043
 Arachnodactyly in Marfan's syndrome (Novell, Asher, and Lev), 802
 Arterial pressure, action of chlorpromazine on, in pregnant women (Caldeyro-Barcia et al.), 1088
 Arteriosclerosis, premature, relationship to epidermoid carcinoma of vulva (Green, Ulfelder, and Meigs), 840
 Arthritis, rheumatoid, pathological similarity to spontaneous abortion (Gray, Tupper, and Rowse), 50
 Artificial insemination by donors (Potter), 1370 (Abst.)
 Ascites, treatment with radioactive colloidal gold (Seal et al.), 1027
 Asphyxia of infants, comparison of alpha-prodine hydrochloride and meperi-dine hydrochloride analgesia in association with (Gillam et al.), 1108
 Aspiration, transabdominal, from intervillous space (McGaughey et al.), 484
 Association for Aid of Crippled Children, 930 (Item)
 Atlas of fetal and neonatal histology (Valdes Dapena), 685 (B. rev.)
 Au¹⁹⁸, treatment of malignant effusions with (Seal et al.), 1027
 Auscultation of fetal heartbeat with new fetoscope (Perell), 430
 Autopsy and surgical controls, comparison in study of ovarian stromal hyper-plasia and endometrial carcinoma (Roddick and Greene), 1015
 Axillary compression, effect on venous pres-sure in pregnancy (Little), 762

B

Baby and placenta, transfer of blood between, in minutes after birth (Gunther), 225 (Abst.)
 Bacteriology of tuberculous salpingitis (Haines), 476
 Banding umbilical cord (Lancaster), 428
 Bank, blood fibrinogen, experience with (Pax-son et al.), 618
 Bartholin cystectomy: paraffin technique (Ruch and Clayton), 1055
 Bartholin's gland, carcinoma primary in (Sackett), 183
 Bilirubin glucuronide formation in vitro, de-ficiency in Gilbert's disease (Arias and London), 1372 (Abst.)
 levels, serum, as indicators for exchange transfusion (Pierce, Rigor, and Luken), 360
 Biochemical contributions to endocrinology (Dodds), 221 (B. rev.)
 Biologic behavior of human uterine cervix, long-range studies (de Alvarez et al.), 945
 Biopsy, cone, of cervix, study of 80 cases (Boyd), 983
 endometrial, relative value of culture and, in diagnosis of genital tuberculosis (Halbrecht), 899
 excision, of cervix (Corbit), 909
 "shave," of cervix (Rosenfeld, Schwarz, and Steckel), 904
 Bleeding, gynecologic (Baumgartner and Typl), 463 (Abst.)
 in pregnancy, serum and urinary folic acid and vitamin B₁₂ levels in patients with (Erdberg et al.), 771
 vaginal, irregular, culdocentesis for diag-nosis (Crews, Holford, and Fer-guson), 914
 Blood fibrinogen bank, experience with (Pax-son et al.), 618
 flow, uterine, during labor (Wright et al.), 3
 group incompatibility, erythroblastosis and, articles on, 348-375
 groups, serologic examinations in pregnant patients, clinical value (Stern), 369
 pressure, response to TEAC, test to differ-entiate pre-eclampsia from hyper-tensive disease (Chesley and Valenti), 1166, 1170
 to vasopressin, test to differentiate pre-eclampsia from hypertensive disease (Chesley and Valenti), 1166, 1170
 smear method in study of chromosomal sex (Briggs and Martinez Manautou), 693 (Correspondence)
 transfer, between baby and placenta in minutes after birth (Gunther), 225 (Abst.)
 Blower, warm air, for perineal wounds (Coun-seller and Welch), 423
 Boeck's sarcoid and pregnancy (Reisfeld), 795
 Bonnevie-Ullrich syndrome (Lapin, Tafeen, and Freedman), 132
 Book reviews, 219, 458, 685, 1153, 1363
 Books received for review, 223, 460, 687, 1158
 Breast cancer, relationship to genital cancer (Day), 981
 Breasts, enlarged, effect on venous pressure in pregnancy (Little), 762
 Breech presentations, fetopelvic grading (Kalt-reider), 224 (Abst.)
 Brenner tumor, further light on diagnosis (Averbach), 1373 (Correspondence)
 British congress of obstetrics and gynaecology, fifteenth, 229 (Item)

C

4-C¹⁴-cortisol, physiological disposition during late pregnancy (Migeon, Bertrand, and Wall), 691 (Abst.)
 Calculi, vesical, proclitidia with (Mann and Hepp), 1066

- Dead fetus syndrome, cause of hypofibrinogenemia (Stouffer and Ashworth), 407
- Death, maternal, studies, evaluation (Dalziel), 988
- Decidua, production by progestins, in treatment of endometriosis (Kistner), 264
- Delalutin, use in treatment of endometriosis (Kistner), 265
- Delestrogen, use in treatment of endometriosis (Kistner), 267
- Delivery, method, of large infants (Gollin, Ellis, and Evans), 748
 premature, prevention (Stephens), 1255
 type, in relation to massive obstetrical hemorrhage (Paxson et al.), 623
 vaginal, following cesarean section (Jesurun and Simpson), 401
- Demerol, intravenous, in labor (Harris et al.), 39
 and Nisentil as obstetric analgesic agents (Gillam et al.), 1105

- Diabetes mellitus of mother, relationship to large infants (Gollin, Ellis, and Evans), 745
 relationship to epidermoid carcinoma of vulva (Green, Ulfelder, and Meigs), 838
 Diagnostic aids, 899-919
 Diamox, use with chlorothiazide (Diuril), in toxemias of pregnancy (Finnerty, Buchholz, and Tuckman), 1368 (Abst.)
 in controlling fluid retention in pregnancy (Flowers), 1180
 Dibuline, use in preventing premature delivery (Stephens), 1257
 Dictionary, Stedman's medical, nineteenth edition (Taylor and Taylor), 1156 (B. rev.)
 Dieckmann, William J.—In Memoriam (Taylor), 1
 Diet, low-sodium, use with Diamox to control fluid retention in pregnancy (Flowers), 1183
 Dihydrocodeine bitartrate in normal parturition, preliminary clinical evaluation (Myers), 1096
 Dissecting aneurysm, Marfan's syndrome as cause (Novell, Asher, and Lev), 809
 Diuretic, carbonic anhydrase inhibitor as (Flowers), 1180
 Diuril, evaluation in toxemias of pregnancy (Finnerty, Buchholz, and Tuckman), 1368 (Abst.)
 Diverticulum of uterus in pregnancy, etiology (Pierce), 1279
 DNA sperm content, abnormal, as possible cause of unexplained human infertility (Weir and Leuchtenberger), 689 (Abst.)
 Doctor-patient relationships in gynecology (Donovan), 79
 in pregnancy (Donovan), 76
 Dramamine, intravenous, shortening of labor and potentiation of analgesia with (Rotter, Whitaker, and Yared), 1101
 Drug addiction among pregnant women and their newborn babies (Krause et al.), 754
 Dyskaryosis, symposium on, 1366 (Abst.)
 Dysmenorrhea, primary, relation of uterine isthmus to (Youssef), 1328

E

- Eclampsia, acute suppression of urine and liver failure accompanying (Saltoun and Kinn), 226 (Abst.)
 cerebral hemorrhage in patient with (Ehrlich, Tyndall, and Schwarz), 1189
 and placenta previa, contradiction in clinical pictures depending upon placental site (Bieniarz), 444
 protoveratrine in treatment (Winkler and Cangello), 439
 residual organic damage following (Döderlein and Schmidt), 464 (Abst.)
 Ectopic gestations, operations on both tubes for, intrauterine pregnancy after (Galsterer), 1131
 pregnancy, ovarian, and endometriosis (Durburg and Grimes), 285
 value of culdocentesis in management (Crews, Holford, and Ferguson), 918
 Edema, endometrial stromal, and cyclical changes of electrolytes (Johnson), 240
 in pregnancy, effect of Diamox on (Flowers), 1183
 Eden and Holland's Manual of Obstetrics (Brews), 1365 (B. rev.)
 Editorial, Appointment of new editors (Taylor), 457
 Distribution of manuscripts among editors (Taylor, Brewer, and Barnes), 684
 Editors, new, appointment (Taylor), 457 (Editorial)
 Education of obstetrician, gynecologist, and endocrinologist, continuation of basic sciences in (Carter), 467
 Elective induction of labor, hazards, (Keettel, Randall, and Donnelly), 496
 Electric potential differences, abdominovaginal, with reference to ovulatory phase of menstrual cycle (Parsons, MacMillan, and Whittaker), 121
 Electrical activity of pregnant uterus not in labor (Larks, Mackay, and Morton), 1079
 of uterus in late pregnancy and in labor, comparison (Larks, Mackay, and Morton), 1085
 Electrohysterogram, wave forms in pregnancy and labor (Larks and Dasgupta), 1069
 Electrolytes, cyclical changes in endometrial tissue (Johnson), 240
 Electronic evaluation of fetal heart rate (Hon), 1215
 Electrophoresis, paper, study of protein structure of mole, amniotic, and chorionic fluids by (McKay, Richardson, and Hertig), 699
 Emboli, pulmonary, as cause of maternal death (Dalziel), 992
 Emotional reactions during labor (Kartchner), 1247
 Emphysema, subcutaneous, pregnancy complicated by (Abrams), 697 (Correspondence)
 Endocrine disorders, pregnanediol excretion in children with (Bergstrand and Gemzell), 690 (Abst.)
 studies in abortion, importance (Goldzieher and Benigno), 1205
 Endocrines, articles on, 289-309
 Endocrinologist, continuation of basic sciences in education (Carter), 467
 Endocrinology, biochemical contributions (Dodds), 221 (B. rev.)
 of borderline adrenogenital syndrome (Gold and Frank), 1034
 clinical, introduction (Mason), 685 (B. rev.)
 Endometria, nucleoli and nucleolar ribonucleic acid in nonmalignant and malignant (Long, Doko, and Taylor), 1002
 Endometrial adenocarcinoma after pelvic radiation for cervical epidermoid carcinoma (Pace and Barnes), 175
 biopsy, culture and, relative value in diagnosis of genital tuberculosis (Halbrecht), 899
 changes, postmenopausal, nonmalignant, relation to ovarian morphology (Rodnick and Greene), 235
 cyst, adenocarcinoma of ovary with probable origin in (Stern), 282
 lavage in diagnosis of carcinoma of endometrium (Morton, Moore, and Chong), 1372 (Abst.)
 tissue, cyclical changes of electrolytes in (Johnson), 240
 tuberculosis (Haines), 472
 Endometriosis, articles on, 258-288
 inguinal, report of 2 cases (Niswander), 279
 interna, incidence in 120 cases of carcinoma of endometrium (Giammalvo and Kaplan), 161
 ovarian, adenocarcinoma of ovary with probable origin in (Stern), 282
 pregnancy and (Durburg and Grimes), 285
 resulting from surgical implantation (Karnaky and Scott), 1162 (Correspondence)
 stromal, study (Stearns), 663
 and uterine adenomyosis, concurrent and interrelated (Hunter and Lattig), 258
 use of newer progestins in treatment (Kistner), 264
 Endometrium, adenocarcinoma, vaginal metastases from (Rutledge, Tan, and Fletcher), 167

- Endometrium—Cont'd
 articles on, 235-257
 carcinoma of (*see* Carcinoma of endometrium)
 experimental metaplasia (Momigliano), 249
 response to progestational agents in surgical castrates (Wied, del Sol, and Dargan), 109
 Enovid, use in fertility control (Pincus et al.), 1333
 in treatment of endometriosis (Kistner), 265
 Eosinophils, circulating, in labor and puerperium (Marcus et al.), 11
 Epidermoid carcinoma, cervical, endometrial adenocarcinoma after pelvic radiation for (Pace and Barnes), 175
 of vulva (Green, Ulfelder, and Meigs), 834, 848
 Epithelium, vaginal, of surgical castrates, androgenic substances tested on (Wied, del Sol, and Dargan), 289
 progestational substances tested on (Wied, del Sol, and Dargan), 98
 Erythroblastosis, ABO (Pierce, Rigor, and Luken), 365
 bilateral theca lutein cysts of ovary in case (Lerner, Villanueva, and Tannhauser), 203
 and blood group incompatibility, articles on, 348-375
 fetalis (Allen and Diamond), 1154 (B. rev.)
 cortisone and ACTH in prophylaxis (Preisler), 464 (Abst.)
 diagnosis and treatment (Pierce, Rigor, and Luken), 357
 mothers of infants with, outlook for future pregnancies (Potter), 349
 Rh, treatment (Pierce, Rigor, and Luken), 365
 Esophageal atresia, hydramnios as early sign of (Scott and Wilson), 691 (Abst.)
 Estinyl, use in treatment of endometriosis (Kistner), 267
 Estrogen, influence on plasma amino nitrogen in pregnancy and puerperium (Burt, Donnelly, and Kimel), 1197
 intravenous, use in anovulation (Kupperman et al.), 1370 (Abst.)
 stimulation, correlation with ovarian stromal hyperplasia (Roddick and Greene), 235
 Estrogens, intravenous administration to induce ovulation (Kupperman et al.), 304
 Ethiodol, hysterosalpingography with (Steinberg), 144
 Ethyl-nor-testosterone, effect on disturbances of menstrual cycle (Waschke), 927 (Abst.)
 Ethylene-nor-testosterone, effect on disturbances of menstrual cycle (Waschke), 927 (Abst.)
 Exchange transfusion, serum bilirubin levels as indicators for (Pierce, Rigor, and Luken), 360
 Excision biopsy of cervix (Corbitt), 909
 Exploration, manual, of postpartum uterus (Mozley), 1126
 Extractor, vacuum, obstetrical instrument (Malmstrom), 1366 (Abst.)
 Extragenital tumors, second primary (Day), 980

F

- Fallopian tube, primary sarcoma (Abrams, Kazal, and Hobbs), 180
 tuberculous lesions (Haines), 474
 tubes, operations on both, for successive ectopic gestations, intrauterine pregnancy after (Galsterer), 1131
 Femoral nerve complications after pelvic surgery (Winkelman), 1063
 Fertility control with oral medication (Pincus et al.), 1333
 in cretins (Visintine), 823

- Fertility—Cont'd
 effects of synthetic progesterone-like steroids on (Garcia and Rock), 95
 male, investigation by fructolysis index of sperm cells (Vaishwanar), 142
 studies on (Harrison), 1363 (B. rev.)
 Fetal asphyxia, comparison of alphaprodine hydrochloride and meperidine hydrochloride analgesia in association with (Gillam et al.), 1108
 depression following administration of dihydrocodeine in labor, incidence and degree (Myers), 1097
 distress related to uterine blood flow (Wright et al.), 9
 heart rate, electronic evaluation (Hon), 1215
 hemorrhage in vasa previa (Blake), 1117
 membranes, microscopic anatomy (Danforth and Hull), 536
 placenta and, articles on, 699-727
 mortality among Negroes (Calkins and Pearce), 584
 of oversized infants (Gollin, Ellis, and Evans), 749
 and neonatal deaths, accuracy of reported causes (Frazier, Nesbitt, and Pentecost), 1161 (Abst.)
 histology, atlas (Valdes Dapena), 685 (B. rev.)
 physiology in labor, 1215-1243
 prognosis in heroin addiction (Krause et al.), 755
 respiration during second stage of labor (Snyder), 1231
 serum and embryonic fluids, concentration of proteins (McKay, Richardson, and Hertig), 704
 Fetopelvic grading of breech presentations (Kaltreider), 224 (Abst.)
 Fetoscope attachment, new (Perell), 430
 Fetus, dead, cause of hypofibrinogenemia (Stouffer and Ashworth), 407
 and newborn, articles on, 728-761
 oversized, problem (Gollin, Ellis, and Evans), 742
 oxygen saturation in umbilical vessels, in normal and prolonged pregnancy (Rooth and Sjostedt), 920 (Abst.)
 Fibrinogen, blood, bank, experience with (Paxson et al.), 618
 Fibrinogenopenia, fibrinolytic (Lewis et al.), 418
 study, with blood fibrinogen bank (Paxson et al.), 618
 Fibrinolytic fibrinogenopenia (Lewis et al.), 418
 Fibromyomas, uterine, spontaneous motility and responses to pharmacological stimuli (Ingelman-Sundberg et al.), 920 (Abst.)
 Fibrosis of appendix, result of impaired circulation of end artery (Hallatt), 1046
 Filtration fraction in normal pregnancy (de Alvarez), 937
 rate, glomerular, in normal pregnancy (de Alvarez), 931, 935
 Fistulas, urinary, seen in Department of Gynecology, University of Berlin, 1941-1955 (Bakowski), 464 (Abst.)
 Flora, microbiological, of vagina (Hunter and Long), 865
 Fluorescent antibody, localization of homologous plasma proteins in placenta by (Bardawil, Toy, and Hertig), 708
 Folic acid and vitamin B₁₂ in pregnancy, study of roles (Erdberg et al.), 767
 Follicle cysts of ovary, sexual precocity due to (Tweedie), 965
 Foundation prize of American Association of Obstetricians and Gynecologists, 466 (Item)
 Fructolysis of human spermatozoa in semen (Vaishwanar), 139

G

- Gastrectomy, total, term gestation following (Pisani), 1368 (Abst.)
- Gaucher's disease complicating pregnancy (Radman), 1267
- Generation, human (Meyer), 219 (B. rev.)
- Genital tract, adenomatoid tumors (Teel), 1347
- benign tumors, 1347-1362
- female, metastasis to—4 rare cases (Lewin), 465 (Abst.)
- tuberculosis, age incidence (Haines), 473
- relative value of culture and endometrial biopsy in diagnosis (Halbrecht), 899
- Gestation, normal and toxic, placental transfer in (McGaughey et al.), 482
- term, following total gastrectomy (Pisani), 1368 (Abst.)
- Gestations, ectopic, operations on both tubes for, intrauterine pregnancy after (Galsterer), 1131
- Gilbert's disease, deficiency in bilirubin glucuronide formation in (Arias and London), 1372 (Abst.)
- Glucol-glycerine-ether, placental permeability to (Beck and Huber), 463 (Abst.)
- Gland, Bartholin's, carcinoma primary in (Sackett), 183
- Glands of skin, types (Chung and Greene), 310
- Globulin, localization in placenta by fluorescent antibody (Bardawil, Toy, and Hertig), 716
- Glomerular filtration rate in normal pregnancy (de Alvarez), 931, 935
- Glomerulotubular mechanisms, renal, during normal pregnancy (de Alvarez), 931
- Glycogen, epithelial, survival of *Trichomonas vaginalis* without (Feo), 322
- Gold, radioactive colloidal (Au¹⁹⁸), treatment of malignant effusions with (Seal et al.), 1027
- obturator nerve paralysis from (Drake), 216
- Gonadotropin, pituitary, activity after gynecological operations (Nyiri, Lampe, and Zsolnai), 928 (Abst.)
- Gonads, agenesis (Lapin, Tafeen, and Freedman), 132

- Granular-cell myoblastoma of vulva (Winkelstein and Friedman), 325
- Granulocytic leukemia, chronic, effect of pregnancy on (Sheehy), 788
- Gynecologic(al) bleeding (Baumgartner and Typl), 463 (Abst.)
- considerations in malignant lymphomas (Hahn), 673
- operations, pituitary gonadotropin activity after (Nyiri, Lampe, and Zsolnai), 928 (Abst.)
- pathology, obstetric and (Novak and Novak), 1155 (B. rev.)
- therapy (Bickers), 219 (B. rev.)
- Gynecologist, continuation of basic sciences in education (Carter), 467
- Gynecology, articles on, 82-199, 235-347, 834-919, 1002-1068, 1286-1362
- case reports, 210-218
- obstetrics and (Moracci), 1154 (B. rev.)
- psychosomatic aspects (Donovan), 72
- pain in (Usandizaga, Vernet, and Molinero), 685 (B. rev.)
- second primary malignant tumor in (Day), 976
- textbook (Masani), 221 (B. rev.)

H

- Heart disease, axillary compression by breast in evaluation (Little), 766
- in pregnancy, physiology and management (Burwell and Metcalfe), 1364 (B. rev.)

Heart disease—Cont'd

- rheumatic, in pregnant women, special problem (Burwell), 1368 (Abst.)
- rate, fetal, electronic evaluation (Hon), 1215
- Hemoglobin S, relation to sickle-cell trait and sickle-cell anemia (Brown and Ober), 774
- values, comparison with folic acid and vitamin B₁₂ levels of serum and urine in pregnancy (Erdberg et al.), 769
- Hemolytic anemia, chronic familial (microdrenpanocytic disease) in pregnancy (Brown and Ober), 773
- disease of newborn, clinical experience with (Boggs), 1160 (Abst.)
- pathogenesis (Martius), 221 (B. rev.)
- probably due to combined action of anti-A and anti-S (Chown, Lewis, and Best), 1159 (Abst.)
- Hemorrhage as cause of cesarean section (Hess), 382
- of maternal death (Dalziel), 990
- cerebral, in patient with eclampsia (Ehrlich, Tyndall, and Schwarz), 1189
- fetal, in vasa previa (Blake), 1117
- obstetrical, patho-mechanism (Bieniarz), 444
- use of fibrinogen in (Paxson et al.), 618
- postpartum, manual exploration of uterus as prevention (Mozley), 1126
- present status in private hospital (Hofmeister and Sauer), 1120
- suprarenal and ovarian venous, pregnancy complicated by (Diddle, O'Connor, and Platt), 207
- Hepatitis, incidence in patients who received fibrinogen for hemorrhage (Paxson et al.), 624
- Hereditary factors in oversize of fetus (Gollin, Ellis, and Evans), 743
- Heredity, effects of ionizing x-rays on (Parlee), 330
- Heroin addiction among pregnant women and their newborn babies (Krause et al.), 754
- Hidradenoma of vulva (Chung and Greene), 310
- Histological grading of endometrial adenocarcinoma (Long, Doko, and Taylor), 1003
- Histology, fetal and neonatal, atlas (Valdes Dapena), 685 (B. rev.)
- Hogben pregnancy test, use of female *Xenopus laevis* in (Hobson), 825
- Homologous plasma proteins, localization in placenta by fluorescent antibody (Bardawil, Toy, and Hertig), 708
- Hormone, antidiuretic, circulating, relationship to toxemia (McCreary), 1174
- factors in regulation of plasma amino nitrogen in pregnancy (Burt, Donnelly, and Kimel), 1197
- uterine, experimental evidence for (Tenney, Parker, and Robbins), 656
- Hospital care of premature infants, evaluation of standards (Rider et al.), 1160 (Abst.)
- size, relation to perinatal mortality rate (Vant), 998
- Human generation (Meyer), 219 (B. rev.)
- Hyaline membrane, pulmonary, origin (Snyder), 1231
- Hydatid mole, chorioadenoma destruens, and chorionepithelioma (Rodriguez-Soriano et al.), 692 (Abst.)
- Hydatidiform mole, 1134-1152
- (Logan and Motyloff), 1134
- (Smalbraak), 686 (B. rev.)
- fluid, protein structure, study by paper electrophoresis (McKay, Richardson, and Hertig), 699
- localization of homologous plasma proteins in, by fluorescent antibody (Bardawil, Toy, and Hertig), 712

- Hydatidiform mole—Cont'd
 of placenta, follow-up on infant born with (Bowles), 696 (Correspondence)
 and theca lutein cysts of ovary (Lerner, Villanueva, and Tannhauser), 203
- Hydramnios as early sign of esophageal atresia (Scott and Wilson), 691 (Abst.)
- Hydrocortisone, local, in therapy of vaginal and vulval pruritus (Finkler), 319
- Hyperplasia, ovarian stromal, and estrogen stimulation (Roddick and Greene), 235
 relation to endometrial carcinoma (Roddick and Greene), 1015
- Hypertensive disease, pre-eclampsia and, evaluation of tests to differentiate (Chesley and Valenti), 1165
- Hypertension in pregnancy, effect of Diamox on (Flowers), 1183
 relationship to epidermoid carcinoma of vulva (Green, Ulfelder, and Meigs), 840
 venous, effect of axillary compression in pregnancy (Little), 762
- Hypofibrinogenemia, articles on, 407-422
 and placenta (Stouffer and Ashworth), 407
- Hypothyroidism and pregnancy (Visintine), 821
- Hysterectomy, abdominal, femoral nerve injury following (Winkelman), 1063
 total (Mugrove), 220 (B. rev.)
 techniques used in 1,000 cases (Gray), 334
 psychological stress (Donovan), 78
 radical, analysis of 105 cases at Free Hospital for Women (Kistner and Duncan), 925 (Abst.)
 total, for sterilization following cesarean section (Hallatt and Hirsch), 396
 vaginal, interposition of uterine ligaments following, for urinary stress incontinence (Kasdon), 1048
- Hystero-graphy, direct, for study of uterine isthmus (Youssef), 1307, 1326
- Hysterosalpingography with Ethiodol (Steinberg), 144
- I
- Immunohematologic tests in obstetrics, clinical value (Stern), 369
- In memoriam: William J. Dieckmann (Taylor), 1
- Incompetent cervix, surgical closure during pregnancy (Barter et al.), 511
- Incontinence, urinary stress, interposition of uterine ligaments for, following vaginal hysterectomy (Kasdon), 1048
 vesicourethral suspension for (Counselor and Symmonds), 525
- Induction of labor, castor oil in (Nabors), 36
 elective (Sotto and Wildhack), 28
 hazards (Keettel, Randall, and Donnelly), 496
- Infection, *Candida albicans*, of amniotic sac (Benirschke and Raphael), 200
- Infertility, articles on, 139-148
 female, surgery for (Rock), 1369 (Abst.)
 low sperm DNA as possible cause (Weir and Lauchtenberger), 689 (Abst.)
- Inguinal endometriosis, report of 2 cases (Niswander), 279
- Inhibitor, carbonic anhydrase, as diuretic (Flowers), 1180
- Insemination, artificial, by donors (Potter), 1370 (Abst.)
 in human (Schellen), 1153 (B. rev.)
- International classification of stages of carcinoma of uterine cervix (Blakley et al.), 1288
- International Federation of Gynaecology and Obstetrics, second world congress, 698 (Item)
- International Fertility Association, third world congress, 1374 (Item)

- Inter-Society Cytology Council, 1374 (Item)
- Intervillous space, transabdominal aspiration from (McGaughey et al.), 484
- Inversion of entire appendix as incidental procedure (Hallatt), 1043
- Iodine, protein-bound, level in pregnancy, effect of triiodothyronine on (Werner), 1193
 radioactive, effects on maternal and fetal thyroid function during pregnancy (Kern, Harvey, and Starr), 924 (Abst.)
 test of thyroid function in normal pregnancy with (Maretti and Carvalho), 461 (Abst.)
- Iron, intramuscular, therapy in pregnancy (Schwartz, Greenwald, and Tandler), 829
- Irradiation (see also Radiation, Radium, and X-ray)
 full, followed by radical pelvic surgery, treatment of carcinoma of cervix by (Stevenson), 888
 prophylactic, of vagina, in adenocarcinoma of endometrium (Rutledge, Tan, and Fletcher), 168
- Isthmography, modified technique of hysterosalpingography (Youssef), 1307, 1321
- Isthmus of uterus, sphincter mechanism, radiographic study (Youssef), 1305, 1320
- Items, 229, 466, 698, 930, 1164, 1374

J

- Jaundice in pregnancy (Enrile et al.), 923 (Abst.)

K

- 17-Ketosteroids, urinary excretion, in borderline adrenogenital syndrome (Gold and Frank), 1035, 1038
- Kidney biopsy in multiparous patients with vascular renal disease in pregnancy (Dieckmann, McCartney, and Harrod), 634

L

- Labor, action of chlorpromazine on progress (Caldeyro-Barcia et al.), 1094
 in American Negro (Calkins and Pearce), 575
 analgesia, articles on, 1096-1110
 circulating eosinophils in (Marcus et al.), 11
 complications, 1111-1119
 electrical activity of pregnant uterus not in (Larks, Mackay, and Morton), 1079
 electronic evaluation of fetal heart rate during (Hon), 1215
 emotional reactions during (Kartchner), 1247
 fetal physiology in, 1215-1243
 respiration during second stage (Snyder), 1231
 induction, castor oil in (Nabors), 36
